

**A lively interactive workshop to help  
struggling readers  
Frank Cowling (UK)  
using  
*TOE BY TOE***

for teachers, parents, students, psychologists, therapists and others

*TOE BY TOE is a highly structured multi-sensory reading manual for teachers and parents. It is really powerful for developing all students' language skills especially reading so they are successful.*

*The students practise each day reading a page of carefully chosen words, making progress in small steps so their self esteem is boosted. This careful structure ensures further improvement in their reading and also spelling.*

*Frank will provide a fuller understanding of the difficulties facing struggling readers when they come up against the idiosyncrasies of written English and he will explain where Toe by Toe fits in with current ideas regarding synthetic phonics and other techniques used with these struggling students.*
