

Exploring TextHELP Read&Write

Yvonne Lynch

An overview of TextHELP! and the support it offers older students and adults with dyslexia and other learning disabilities. Hands-on workshop. Limited numbers.

This program has been designed for older students with dyslexia and other learning disabilities and provides many tools to help access and compose written material thereby helping with learning as well as enabling the user to work more successfully. It includes high quality speech feedback, phonetic spell-checking, word prediction, homophone check, simplified scanning operation and much more. This program is primarily for adults, secondary and tertiary students.

Who should attend? Parents, students, teachers, therapists and other professionals
